FISCAL NOTE

HB 2519 – SB 2624

January 25, 2010

SUMMARY OF BILL: Authorizes any park ranger, ranger naturalist, park manager, or similar employee who has used a horse to carry out his or her duties to take possession of the horse when the Division of Parks and Recreation makes a determination to retire that horse. The employee must pay to the Division of Parks and Recreation the value assigned to the horse.

ESTIMATED FISCAL IMPACT:

Increase State Revenue - Not Significant Increase State Expenditures - Not Significant

Assumptions:

- The increase in state revenue from the sale of a horse retired from park service is estimated to be not significant since the number of employees who would wish to purchase and maintain such a horse is expected to be small.
- Any cost can be accommodated within existing resources without an increased appropriation or reduced reversion.
